SAFETY DATA SHEET

Alumina Abrasive Suspension LAS0005 - LAS15

1.0 CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: Alumina Abrasive Suspension
Part Number: LAS0005, LAS001, LAS003, LAS01, LAS03, LAS05, LAS09, LAS15
Distributor: Ladd Research
Address: 83 Holly Court
City, State, Zip: Williston, VT 05495 USA
Phone Number: (802) 658-4961
Emergency Phone: (800) 424-9300 (Chemtrec)

2.0 HAZARD IDENTIFICATION

GHS Classification: Non-Hazardous

IDLH (Immediate Danger to Life and Health): None

Physical Hazards: Not Classified

Health Hazards: Classification of the Substance of Mixture (Dry Dust / Inhalation):
Eye Irritation – Category 2B

Label Elements:

Signal Word: None
Hazard Statement(s):
H320: Causes Eye Irritation
H332: May Be Harmful if Inhaled

Precautionary Statements:
P261: Avoid breathing dust/ fume/ gas/ mist/ vapours/ spray.

Precautionary Response:
P305+P351+P338: IF IN EYES: Rinse cautiously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313: If eye irritation persists, get medical advice / attention.
P304+P340+P312: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call POISON CENTER or doctor / physician if you feel unwell.
The terms “hazardous” and “hazardous materials” as used within this SDS (EU - MSD) should be interpreted as defined by, and accordance with, the OSHA Hazard Communication Standard (29 CFR 1910:1200) and the EU Occupational Exposure Limits (OEL) REGULATION (EC) No 1272/2008 including cited Appendices, Lists, References, etc., all of which are hereby incorporated by reference and stated below as appropriate.

OECD SIDS documents published by UNEP Chemicals in response to its mandate to facilitate the access to information needed for health and environmental risk assessment of chemicals. The documents contain the information gathered and an Initial Assessment performed under the framework of the OECD HPV Chemicals Programme.

### 3.0 COMPOSITION & HAZARDOUS INGREDIENTS

<table>

**Hazardous Mixtures:** None
(See Section 8.0 for Occupational Exposure Limits)

### 4.0 FIRST AID MEASURES

**First-aid measures general:**
If medical advice is needed, have product container or label at hand.

**First-aid measures after inhalation:**
If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing. Obtain medical attention if breathing difficulty persists.

**First-aid measures after skin contact:**
Rinse immediately with plenty of water. Gently wash with plenty of soap and water. Obtain medical attention if irritation persists.

**First-aid measures after eye contact:**
Immediately rinse with water for a prolonged period while holding the eyelids wide open. Seek medical attention if material is embedded in eye. If eye irritation persists: Get medical advice and attention.

**First-aid measures after ingestion:**
If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label. Drink 1 or 2 glasses of water. If vomiting occurs, keep head low so that stomach content does not get into the lungs.

**Symptoms/injuries:**
Repeated or prolonged inhalation may damage lungs.

**Symptoms/injuries after inhalation:**
May cause irritation to the respiratory tract, sneezing, coughing, burning sensation of throat with constricting sensation of the larynx and difficulty in breathing.

**Symptoms/injuries after skin contact:**
Prolonged contact with large amounts of dust may cause mechanical irritation. Dust may cause irritation in skin folds or by contact in combination with tight clothing.

**Symptoms/injuries after eye contact:**
Redness, pain.

**Symptoms/injuries after ingestion:**
Abdominal pain.

**Chronic symptoms:**
Respiratory difficulties.

### 5.0 FIRE-FIGHTING MEASURES

**Fire Hazard:**
Will Not Burn

**Extinguishing Media:**
Use ABC type fire extinguisher for surrounding fire.

**Special Firefighting Procedures:**
None

**Unusual Fire and Explosion Hazards:**
None

**Reactivity:**
Keep away from strong oxidizing agents and from heat and ignition sources.

**Protective Equipment for Firefighting:**
Self-Contained Breathing Apparatus and clothing for chemical fires.

**Protection During Firefighting:**
Use normal individual fire protective equipment.
6.0 **ACCIDENTAL RELEASE MEASURES**

**Personal Precautions / Protective Equipment:**
Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Keep upwind. Keep out of low lying areas. Ventilate closed spaces before entering.

**Environmental Precautions:** Prevent further leakage or spillage and comply with local, state and federal regulations.

**Methods / Materials for Containment & Clean-up:**
If product has dried, avoid generation of dust during clean-up of spills. Recover the dried product by vacuuming, shoveling or sweeping. Vacuum must be fitted with HEPA filter to prevent release of particulates during clean-up. Liquid product can be wiped or mopped up and disposed of accordingly.

7.0 **HANDLING & STORAGE**

**Precautions for Safe Handling:**
Do not breathe dust. Avoid generation of dust during clean-up of spills. Recover the product by vacuuming, shoveling or sweeping. Vacuum must be fitted with HEPA filter to prevent release of particulates during clean-up. Wear suitable protective clothing, gloves and eye/face protection. If airborne dust is generated, use the appropriate NIOSH approved respiratory protection.

**Conditions for Safe Storage:**

8.0 **EXPOSURE CONTROLS & PERSONAL PROTECTION**

**Control Parameters:** Use in accordance with safest practices.

**Exposure Guidelines:**
Aluminum Oxide – 1344-28-1
ACGIH TLV - 10 mg/m³
OSHA PEL – 15 mg/m³ (total dust) 5 mg/m³ (respirable fraction)

**TLV:** Threshold Limit Value of a chemical substance is a level to which it is believed a worker can be exposed day after day for a working lifetime without adverse health effects.

**TWA:** (Time Weighted Average - TLV-TWA): average exposure on the basis of a 8h/day, 40h/week work schedule

**STEL:** (Short Term Exposure Level) is an employee’s 15-minute time weighted average exposure at any time during a work day and cannot be repeated more than 4 times in a day.

**Personal Protective Equipment:** Use chemical goggles or safety glasses and chemical resistant gloves while handling under normal conditions.

**Respiratory Protection:** Use an appropriate NIOSH approved respirator if airborne dust concentrations exceed the appropriate PEL or TLV. All requirements set forth in 29CFR1910.134 must be met.

**Protective Gloves:** Nitrile gloves are recommended. Be cautious as the liquid may penetrate the glove. Frequent change is advisable.

**Ventilation:** Provide adequate general and local exhaust ventilation.

**Eye protection:** Chemical / splash goggles are recommended. Eye wash station must be present.

**Other Equipment:** None
9.0 PHYSICAL AND CHEMICAL PROPERTIES

- Appearance and Odor: Liquid, None
- Color: White
- Physical State: Liquid
- pH: Not Available
- Viscosity: Not Available
- Specific Gravity: Not Available
- Vapor Density: Not Available
- Vapor Pressure: Not Available
- Melting Point: Not Applicable
- Boiling Point: Not Available
- Flash Point: Not Applicable
- Freezing Point: Not Available
- Percent Volatility: Not Applicable
- Evaporation Rate (baC=1): Not Available
- Solubility in Water: Completely Soluble
- Solubility in Oil: Not Available
- Solubility in Solvents: Not Available

10.0 STABILITY AND REACTIVITY

- Reactivity: Hazardous reaction will not occur under normal conditions.
- Stability: This composition is stable under normal conditions.
- Incompatibility (materials to avoid): Strong Oxidizers
- Hazardous Polymerization: Will not occur.
- Conditions to Avoid: Extreme Temperatures

11.0 TOXICOLOGICAL INFORMATION

- Acute Toxicity: May cause irritation or burns to eyes, skin, and respiratory system.
- Skin Corrosion / Irritant: Irritating to skin.
- Serious Eye Damage / Irritant: Risk of serious damage to eyes.
- Respiratory / Skin Sensitisation: Not Classified
- Germ Cell Mutagenicity: Not Classified
- Carcinogenicity: Not Classified
- Reproductive Toxicity: Not Classified
- Target Organ Toxicity (Single Exposure): May cause respiratory / skin irritation.
- Target Organ Toxicity (Repeated Exposure): May cause respiratory / skin irritation.
- Aspiration Hazard: Not Classified
- Teratogenicity: Not Classified
12.0 ECOLOGICAL INFORMATION

Ecotoxicity: This product is not expected to be toxic to the environment. Adopt environmental controls to prevent the product from being released into the environment.

Persistence and Degradability: Not readily biodegradable.

Bioaccumulative Potential: Not expected to bioaccumulate

Mobility in Soil: No information available

Other Adverse Effects: No information available

13.0 DISPOSAL CONSIDERATION

You may moisten product to be swept. Dispose in a safe manner in accordance with local, state and federal regulations.

14.0 TRANSPORT INFORMATION

US DOT Classification: Non-regulated
IMO Classification: Non-regulated
IATA Classification: Non-regulated
Proper Shipping Name: Consumer Commodity
UN Number: Non-regulated
Packing Group: Non-regulated
Label: Non-regulated
Reportable Quantity: Non-regulated
Hazard Class: Non-regulated

15.0 REGULATORY INFORMATION

U.S. Federal Regulations:
Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA):
No reportable quantity for this product.

Toxic Substance Control Act (TSCA):
All of the components of this material are listed on the TSCA Chemical Substances Inventory.

Clean Water Act (CWA):
None listed under sections of the Clean Water Act. Contact your local / state authorities to determine if substances are regulated under their jurisdiction.

Clean Air Act (CAA):
None listed under various sections of the Clean Water Act. Contact your local / state authorities to determine if substances are regulated under their jurisdiction.

Superfund Amendments and Reauthorization Act (SARA) Title III Information:
This product does not contain chemicals subject to annual release reporting requirements Under SARA Title III, Section 313 (40 CFR 372):

EUROPEAN/INTERNATIONAL REGULATIONS:
Control of Substances Hazardous to Health (COSHH):
Component(s) are listed under various sections of the COSHH regulation. Contact your local authorities to determine if substances are regulated under their jurisdiction.

Scottish Environmental Protection Agency (SEPA):
Component(s) are listed under various sections of SEPA. Contact your local authorities to determine if substances are regulated under their jurisdiction.
Canada:
Contact your local authorities to determine if substances are regulated under their jurisdiction.

Hazard Classification
Safety Phrases:  
S 22 Do not breathe dust.
S 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice
S 38 In case of insufficient ventilation wear suitable respiratory equipment.
S 36 Wear suitable protective clothing.

U.S. STATE REGULATORY INFORMATION: The components of these products are covered under specific State regulations, as denoted below:

CALIFORNIA PROPOSITION 65: This product does not contain chemicals regulated under California Proposition 65.

U.S. - New Jersey – Right to Know Hazardous Substance List – Not Regulated

International Air Transport Authority (IATA): Not regulated

**DISCLAIMER**

All chemicals may pose unknown hazards and should be used with cautions. This Safety Data Sheet (SDS) applies only to the material as packaged. If this product is combined with other materials, deteriorates, or becomes contaminated, it may pose hazards not mentioned in this SDS. It shall be the user’s responsibility to develop proper methods of handling and personal protection based on the actual conditions of use. While this SDS is based on technical data judged to be reliable, Ladd Research assumes no responsibility for the completeness or accuracy of the information contained herein. Users should consider these data only as a supplement to other information gathered by them and must make independent determinations of suitability and completeness of information from all sources to assure proper use and disposal of these materials and the safety and health of employees and customers and protection of the environment.

**Date of issue:** 04/16/2020
